## Supertato

## Home Learning Challenge

Draw a face on a potato to make your own Supertato! Take Supertato around your house to help out with some of the jobs, such as tidying your bedroom and putting away the dishes. What other helpful things can he do?

Use
building bricks
to make a home
for your Supertato.
Think about how tall
and wide it needs to
be to fit Supertato
inside.

When making or eating a meal, discuss which parts of the meal are vegetables and which are healthy for your body. You could also make a healthy snack such as fruit salad or a fruit smoothie.

Talk
about what
your name would be
if you were a superhero
and what special powers
you would have. You
could draw a picture
and bring it into
school.

When shopping in the supermarket, can you count the vegetables you put in your trolley? Can you spot any vegetables in the wrong place?

Make jelly and add in fruit such as blueberries. Does your jelly taste like peas, like the one in the story? What does your jelly taste like?
