Robertson Energy Efficiency Poster Competition

Dear Parents/carers,

An exciting opportunity has arisen to enter a poster competition organised by our building management company, Robertson. The theme is **energy efficiency, sustainability and reducing fossil fuel and water consumption** and can relate to any building, whether it's a school, hospital, shop, or even home. The winning designs will be printed and displayed throughout Robertson NBSF Schools to promote this initiative; alongside individual prizes being awarded.

Our entries will be judged in the 'Primary: Reception to Year 6' category, and the lucky winner will receive a £10 voucher, have their work displayed publicly, and be entered in to a prize draw to win a brand-new tablet computer!

Entries:

- Must be **A3** size
- Must have the designer's **first name only, class, school and age in the bottom RIGHT corner**
- Content should be suitable for public display in any Robertson Building
- To enter, you must be **willing to have your work printed, and put on public display**

For more information, please see the attached details from Robertson.

Please send hard copies of entries into school FAO Miss Otsa or Miss Jordan **no later than Monday 25th November**. Winners will be announced before Christmas.

Good luck!
